

Belle Project Artist Information

The Mission of Belle Project is to enhance and enrich the community experience by offering a variety of artistic performances and perspectives in the uniquely historic structure -- The Belle Mehus Auditorium. We believe that precious few experiences touch human responsive chords like music, performing arts, or the cinema. It is those chords and experiences that add a unique texture and a brilliantly multicolored canvas to a community. Belle Project is a grass roots effort creating a new community environment in downtown Bismarck and the surrounding area. It is our aim that Belle Project will also play a vital role in continuing to develop this vibrant and growing community.
